April 2024

Bibles Around the World

We praise the Lord for partners that allow us to participate in the purchase and the distribution of Bibles in places where we are unable to travel!

New converts in Burundi receiving Bibles.

Children receiving new Bibles in Pakistan

Bibles In Prison

We have sent Bibles in several languages and a variety of translations to 12 prisons the first 3 months of 2024 in Oklahoma and Texas. We have also tried to enhance the believer's walk by providing some additional materials such as: John Wesley's "How To Pray", "God's Story of Hope & Healing", and "One-Minute Insights for Men". We have had great response!

Medical Donations

For many years, we have had wonderful partnerships with Mercy Hospital and Chickasaw Nation Medical Center in Ada, OK. They have donated surplus and outdated medical supplies that can no longer be used in these facilities. The Salvation Army Thrift Store has also been generously donating all medical related supplies and equipment. Because of these generous partners, we have been able to help so many in Nigeria, and Mexico. We have received a "Thank You" from so many grateful people!

More recently, Medline Corporation in Oklahoma City donated 3 pallets of medical supplies that we plan to send to Cuba.

We appreciate you all so much!

Carlita is 14 years old and has osteogenesis imperfecta characterized by fragile bones that break easily. This condition is inherited and cannot be cured.

Ruben needs dialysis and we were able to supply him some of his needs.

Cuba

We had a good trip in January visiting and ministering in churches, Cedros de Libano Seminary, Nueva Amanecer disability ministry, and Pedro Gonzalez Nursing Home.

The new directors of Pedro Gonzalez nursing home is Tomas Mejias and wife Acela. They report there are currently 30 residents in the nursing home and they hire 5 nurses, 1 doctor and other staff.

Nueva Amanecer (New Dawn) Ministries

Ariel and Yadira's son Emanuel will come to the Shriner's Hospital in Chicago for surgery on his spine in May. A visa was finally granted after many years! Praise the Lord! Please pray for Emanuel as the surgery and the recuperation time will be long and difficult.

Containers Update

Praise the Lord that BBFTC and our partners have been able to send 15 containers of rice and beans to Cuba. We have the 16th container leaving Miami as of this printing and #17 scheduled to leave Arkansas to Miami April 12th! Your contributions are vital! Please keep them coming!
